Whilst the utmost care has been taken in compiling this catalogue, no claim can be made about any errors or omissions, for whatever reason. The prices and descriptions in this catalogue are not binding. We reserve the right to modify the prices, sizes, colours and materials. All prices are exclusive of VAT. Printing positions shown in this catalogue are indicative. All articles are delivered without food and/or drinks. All electronic items include batteries. Our products are not leak proof or dishwasher safe, unless specifically **BRANDS**

BRANDS WITH IMPACT

Step into our world filled with colorful products and diverse brands. With these well-known names, we elevate your brand to a higher level. Because, for both of us, your brand is at the heart of our collaboration.

Everybody knows the famous author Charles Dickens. The brand Charles Dickens is a true writer's brand, with a selection of classic pens that inspire to write. We also have notebooks, a conference folder, bag, and umbrella, that bring the classic style into the future.

Page 28 - 31

Impression is all about variety and safety. In the collection we have a large variety of products; anything from eco proof chargers to storm proof umbrella's. But there is also variety in colour, so there is always an Impression giveaway to match your brand. All Impression products are fully certified according to EU regulations, to guarantee safety, from production to usage. Shop for the most popular giveaways, like pens, bottles, and keychains, or surprise your business partners with something unique!

The Stilolinea pens are 100% made in Italy. The Italian design is stylish and original and offers a variety of colours to match your brand. Every single pen undergoes a writing test so Stilolinea can guarantee the quality and writing comfort.

Page 34 - 39

Nowadays, Switzerland is known for a high quality of life. But that is not just because of the fresh mountain air. It's thanks to the Swiss' dedication to perfection and Victorinox embodies this attitude. The brand's guiding principle is: "true quality is always found in the details". The reliability and durability of their products reflect this.

Page 232 - 233

Rötring is a German brand and just like German cars, Rötring stands for technical superiority and reliability. The brand grew on their mechanical pencils, must-haves for engineers and architects. Give a Rötring mechanical pencil or pen to your business relations.

Page 32 - 33

When precision matters, you need Stabila. Stabila is a German brand of tools, world-renowned for accuracy and durability. We have added the foldable rulers of Stabila to our assortment. Every handyman will agree: no toolkit is complete without them.

Page 234 - 235

Parker is a famous pen brand with a history of innovation, dating back to 1888. The entire line of pens is synonymous with luxury, supplied in a gift box. The Parker Jotter is the quintessential pen that everybody knows and loves.

Page 14 - 23

Waterman was founded in New York in 1884, but the success of the brand in Europe meant a move to Paris. Waterman is known for its prize winning inventions, perfecting the Waterman pen. When you give a Waterman, you give a quality gift.

Page 24 - 27

WOOD

Wood is a renewable resource. It is one of the most environmentally friendly materials. While the trees grow they absorb carbon dioxide and produce oxygen. Pine is the most sustainable as it is a fast growing tree. Wood is durable and gives the product a natural look.

BAMBOO AND BAMBOO FIBRE

Bamboo is a type of wood that is especially eco-friendly since it is a natural resource that renews quickly. Bamboo regrows extremely fast, is naturally pest resistant (no pesticides needed), and requires less water to grow than other plants. Bamboo fibre is a versatile material suitable for making both drinking cups and fabrics and is quickly biodegradable.

WHEAT STRAW

Wheat straw is made of the leftover stalks after the wheat grains are harvested. When treated as waste, the stalks are burned, which leads to air pollution. When reclaimed, the stalks are an environmentally friendly material as they come from an extremely efficient, renewable resource in the food chain. Mixing wheat straw with plastic creates a sturdy material that requires far less plastic to make.

CORK

Cork is harvested only from the bark of the cork tree, meaning that the tree itself is not felled for the production of cork products. The tree simply regrows its bark, making cork a material from a highly renewable resource. Cork is both recyclable and biodegradable, meaning there is no polluting waste.

JUTE

The outer stem and skin of the jute plant are used to make jute: a hard-wearing material that is recyclable, biodegradable, and compostable. The jute plant is ready for harvest in as little as 4 to 6 months and has a high crop yield, making it a very efficient resource. It requires no pesticides or fertilization and even enhances soil fertility for future crops.

COTTON

Cotton is a natural and sustainable resource. After harvesting, most of the cotton plant is used, not just for the production of cotton, so there is little waste. On top of that, products made of cotton are biodegradable.

RECYCLED PAPER

The production of paper requires a lot of water, which is considered a strain on the environment. Paper products should not go to waste but be recycled instead, which saves on energy and water consumption and reduces waste

STONE PAPER

Stone paper is a new alternative to paper made from wood pulp. It is by definition not real paper, but a paper-like material made from calcium carbonate and polyethylene, which makes it water and tear resistant as added bonuses. The production of stone paper uses no water, unlike the copious amounts of water used for making paper from wood pulp, which is why stone paper is a more ecological alternative.

PLA

PLA is short for Polylactic Acid, a type of polyester, which doesn't sound very "green". But PLA is made from renewable resources like corn starch and sugar cane and it is a quickly biodegradable material

RPET

Recycled PET, or RPET, saves on the use of fossil energy. Production of RPET emits 70% less carbon dioxide and uses 90% less water than polyester. Instead of polluting the oceans, millions of throwaway PET bottles are recycled into new products.

LINEN

Linen is made from flax plant fibres. The flax plant requires little water to grow; only rainwater, no additional irrigation. It takes little energy to process flax and the entire plant is used, leaving no waste. Linen is strong, so it is long-lasting, but the product is also both entirely biodegradable and recyclable.

OTHER RECYCLED MATERIALS

We are constantly seeking new products that incorporate various sustainable materials. Recycled aluminum is an example of this. Its production requires significantly less energy than making new aluminum and minimizes waste.

HOW ECOLOGICAL IS AN ITEM REALLY?

Basic, friendly and proof

Dive into our wide assortment of sustainable items. From Eco Basics (10-30% eco-material) to Eco Friendly (30-60% eco-material) and Eco Proof (over 60%), we have got your perfect green match covered!

Alternatives for a green lifestyle

Sustainability for us goes beyond just environmentally friendly materials. Our sustainable assortment includes products for making small yet impactful changes in our daily lives. Think of insulated travel mugs, jute bags, solar-powered power banks, shower timers and much more.

POPULAR PRINTING TECHNIQUES

Make it pop! Our popular printing techniques ensure that your designs leave a lasting impression. The full colour 360 print guarantees visibility from all angles. Additionally, digital transfer offers the possibility to present your design on a grand scale on woven and flexible materials.

FULL COLOUR 360 PRINT

For brands looking for a giveaway with maximum impact from every angle: 360 degrees print in full colour. Make one of our bottles look custom with an all-around print that expresses what a company is all about. More space for creativity and brand awareness.

360 LASER ENGRAVING

360 Laser: where creativity and precision come together. From fine lines to the tiniest details, the laser produces a delicate and three-dimensional effect, giving your design a high-quality appearance.

SINGLE PASS: FULL COLOUR PRINT, ONE COLOUR PRICE

Profit from lower printing prices and better results with our automatic digital printer. This printing technique is suitable for more than 25 of our bestsellers. Pay less while increasing quality!

DIGITAL TRANSFER

Choose quality, choose impact. With our full-colour digital transfer, we bring your design to life on woven and flexible materials. This is made possible by a large printing surface, photo-quality imprint, and razor-sharp details.

ALL PRINTING TECHNIQUES

Ready to make your promotional products stand out even more? Explore a world of possibilities with our 18 printing techniques. From vibrant 360-degree prints to precise laser engravings. Our techniques elevate your product to a higher level.
